Annual Academics Day

**The Principal, Staff And Students
Cordially Invite**

*Mr. & Mrs.*_____

to the Annual Academics Day to be held on the school grounds
on Wednesday, 3rd June, 1998 at 09:00 a.m.

Mr. Ishtiak Ahmad Khan

**Secretary to the Govt. of N.W.F.P.
Education Department, Peshawar**

has very kindly consented to be the Chief Guest and to give away the prizes.

Kindly show this card at the entrance

Dear **Mr. Ishtiaq Ahmad Khan**, Secretary Education, Ladies and Gentlemen,

By the grace of God Almighty, we are assembled here today for our Second Annual Academic Day. This day has been delayed mainly due to factors known to you all especially the census in the country which caused delay in the Annual Exams, results and reopening of the school for the New Academic Year 1998. Hopefully, the 3rd Annual Academics Day will be held much more earlier than this day if weather conditions permit.

We thank our Chief Guest, **Mr. Ishtiaq Ahmad Khan** for taking time off from his extremely busy schedule. His presence even today wouldn't have been possible if he did not have a special soft corner in his heart for us! Thank you Sir, for accepting our invitation and gracing this occasion. I am sure, you will enjoy every minute of your stay with us.

When hardworking, honest officers like you Sir, attend functions of children, I am sure, you will find lot of relaxation, enjoyment and peace in heart and mind. At present we need officers like you Sir, in the Education Department as the menace of unfair means in public examinations need to be completely stopped. As you have been in various important assignments though out the province of N.W.F.P, and with your vast experience so gained, coupled with your ability to please people, we are sure of your success in the Education Sector. We wish you Sir, God's blessings in your multifarious duties.

Ladies and gentlemen, we have observed lot of competition among our students in studies since our last Annual Academic Day. This fact can be studied from our brochures. Constructive and healthy competitions are due to the cooperation and understanding between parents, teachers and students. Since everyone cannot get top positions, we must be careful in not discouraging any child. Instructions and guidance should be clear - "Try Try again, as time and hard work surely will bring reward."

Academics Day is a special occasion where teachers as well as students show their talents. The skits, the tableaux etc. are surprisingly entertaining and patriotic. I am sure all parents present here today will enjoy the performance.

In our province, most people still do not encourage co-education. We respect the culture and customs of N.W.F.P. but at the same time our experience shows that when girls and boys are made to study together from nursery classes, they not only behave like sisters and brothers respecting one another

Ladies and gentlemen, we have observed lot of competition among our students in studies since our last Annual Academic Day. This fact can be studied from our brochures. Constructive and healthy competitions are due to the cooperation and understanding between parents, teachers and students. Since everyone cannot get top positions, we must be careful in not discouraging any child. Academics Day is a special occasion where teachers as well as students show their talents. The skits, the tableaux etc. are surprisingly entertaining and patriotic. I am sure all parents present here today will enjoy the performance.

In our province, most people still do not encourage co-education. We respect the culture and customs of N.W.F.P. but at the same time our experience shows that when girls and boys are made to study together from nursery classes, they not only behave like sisters and brothers respecting one another

but also develop healthy competition in studies. Trouble starts only when this sisterly and brotherly atmosphere in classes and in school is disturbed by late admissions from other schools. We are quite aware of this fact and have braved the storms since the start of St. Francis'. Yet, we adhere to our first plans for the school - a separate school for girls. As you may have seen, the work of the basement of the girls school is in progress. We have obtained more loans from Allied Bank of Pakistan and Bank Al Habib, to build the girls section. We are thankful to the Managements of these banks. God willing, we shall get the classrooms ready by March 1999.

We are grateful to the Frontier Education Foundation for the grant/loan provided to us for the boys section. We are happy to say that we are the best in repaying the loans in time. It is unfortunate to know that F.E.F has discontinued such aid to urban schools. We hope that our honourable Chief Guest, **Mr. Ishtiaq** will obtain the loan/ grant from F.E.F. for our girls section as we shall use it only for the purpose it is granted.

I take this opportunity to clear certain doubts some of you may have. I am not admitting each and every child that applies. I am not interested in numbers but standard and quality. The proof is that I rejected over 80 students this time. This means, I have lost lot of income! Yes, for the sake of quality education, we need to sacrifice and work through hard times.

Thank you parents for encouraging your children to participate in different competitions, skits, songs, speeches, poems etc. Thank you teachers for working with missionary spirit and I wish that you will continue doing so because we work for God and are answerable to Him only.

There are lots of improvements needed both in academics, sports, athletics etc. I am quite aware of the needs of the school and am determined to provide all what is humanly possible. As my past experience shows, it is only the Provincial Government that can help develop Institutions like ours that impart education with comparatively low school fees.

Sir, we thank you once again for accepting to be our Chief Guest today.

We thank you parents for being present today.

May God bless you all.
