12:35 p.m.	●—————●	National Anthem.

the runner up for 11 years. Qamar Zaman played international squash for 19 years and participated in 130 international tournaments. He is among the seven legends of Pakistan who ruled the world of squash for 37 years. This is a unique record in the world of sports, which will probably stay unbroken for all times to come. These 7 legendary players from *Nawan Kali* are source of pride for our city and our country.

The Government of Pakistan honoured Qamar Zaman with Pride of Performance. The British Government conferred on him the title of Master of Strokes. His presence here today is our humble effort in recognition of his achievements in squash. This year, the theme of House Tents is Glorious History of Pakistan Sports. I invite you to visit the house tents after the function to see how our students have paid homage to the legends of sports in Pakistan.

As I said earlier, we are preparing our students to face the challenges of the 21st century. We have been doing this long before the onset of the 21st century. During our quest for holistic development of our students, we faced criticism from many parents who wanted their children only to get high marks in the exams. However, we continued our endeavours in spite of criticism and now, after 22 years of the establishment of St. Francis' High School, most of the parents acknowledge the worth of our efforts. They have realized that success is not to be found only in books or in the DMCs. It lies within every person in the form of God-gifted talents. These talents must be explored and polished in order to achieve success in life. At St. Francis', we provide our students such opportunities which help them explore their talents.

We polish these talents by giving them an environment of competition and challenge. This creates a sense of self-confidence and self-respect which later helps them to excel in whichever field they take up. The developed world realized the importance of games and sports long before we did. If you ever get an opportunity to visit a developed country, please take some time out to go and see their schools. You will be amazed to find out how much do they spend on sports and athletics at high school level. This investment bears fruit in the form of successful professionals not only in the field of sports, but in all spheres of life. I believe that this is the key to their development. It is with the same belief that we spend millions on games and sports in St. Francis', to provide our children such facilities which they cannot get at home or in the society. With your cooperation and approval St. Francis' High School will continue to equip the youth to meet the challenges of the modern times.

In the end, I wish to express my heartfelt gratitude to our honourable guests and parents for their presence. Your applause and appreciation means a lot to us and these children. I also wish to thank the members of our staff who put in their best efforts for such a successful event. I congratulate the young athletes and their parents for their success in different sports and athletic events. May you all grow in body and mind, day by day.

A thought for you to remember:

People who work together as a team will win, whether it be against a football team, or the problems of modern society.

St. Francis' High School, Peshawar.
19th Annual Athletic Sports Meet 2015.
