## **Annual Academics Day**

**On Friday, 30th May, 1997**

**Chief Guest**

**Col. ALAM ZEB (Retd.)**

Secretary to the Govt. of N.W.F.P.  
Education Department, Peshawar.

*Will Preside & Distribute the Trophies*

Our Chief Guest of the day, *Col Alam Zeb*, Secretary Education,

Ladies and Gentlemen,

A long sleep dream has come to a reality today. After 24 years and 5 months of my life in Pakistan, today I have realised another dream of my life - An Academics Day. This achievement is due to the untiring efforts, understanding, hard work and co-operation extended to me by the members of the staff and the generosity and philanthropism of our financiers.

We thank our Chief Guest, *Col. Alam Zeb* for taking time off his tight schedule and gracing this occasion. Sir, it is a great honour to have you among us today as this is the first Academics Day and as Secretary Education, you will be able to appreciate the programme of the day. Since you took over Secretary Education Sir, you have done a lot for this Province. You are the right person for this post as your Father and Grand Father were great educationists of N.W.F.P, and I am glad that I was able to work with some of the members of your family. We wish you Sir, God's blessings on your work.

*Mr. Omer Baig*, has also made this day a possibility due to his generosity in donating all the prizes for winners of different curricular subjects. Thank you *Mr. & Mrs. Omer Baig* and Please extend our sincere thanks to your parents too, who have been always generous.

Ladies & Gentlemen, as you are aware for sports and athletics, we conduct Annual Sports Meets, but there is nothing to encourage and reward students in Academics. So an Academics Day is meant to encourage competition among students in their studies. With the start of this day, we hope next year and years to come, our students will develop a constructive and competitive spirit among them selves right through the Academic years.

This Day is also an encouragement to parents of students. I am sure, it will encourage every parent to devote some time daily to assist their sons and daughters in studies. It is also a day when teachers as well as students show talents that are hidden. Ladies and Gentlemen, you will understand the above point more clearly once you witness the whole programme of the day.

This Academics Day should have been held much earlier. But as it is the first one and every one is new to this kind of day, and also due to religious festivals and weather conditions, we got delayed. Next time we shall try to have the Academics Day before Mid May.

Thank you Parents for encouraging your children to participate in different competitions, skits, songs, speeches, poems etc. Keep on encouraging them even if they cannot get the top positions. Thank you for being present with us today.

There are lots of improvements needed in our school. We are determined to provide as many facilities as possible to our students in order to help them to be successful in life. But at present, we are unable even to provide curtains in classrooms. We have taken loans from Banks and they need to be cleared. At these initial stages, if parents could extend a helping hand to us, then ofcourse, wonderful things could be achieved.

If the Provincial Government could also help us financially, slowly and gradually St. Francis High School will emerge as one of the best schools in Pakistan- another dream of mine!

Once again, we thank you sir, for being our Chief Guest today. We thank you Parents for being present today.

**May God Bless You All.**
