11:50	Address of the Chief Guest.
12:00	Skits.
12:05	National Anthem.

13th

Dear Syed Mohammed Raees Zaidi, Director Rotary Club, Peshawar South, respected parents, honourable guests, dear teachers and students, please accept my heartiest hailing to our 13th Annual Academics Day. I must also offer my gratitude to God Almighty who granted us yet another year and another occasion to gather and acclaim the achievements of our students who blended their talent with hard work and earned distinction in various academic and co curricular domains.

In fact, one must be thankful at each peaceful dawn and each tranquil dusk amidst this era of uncertainty and insecurity. No doubt, as a nation, we are facing probably the hardest of all times. A bleak atmosphere surrounds us and one has to make a grueling effort to find a reason to be cheerful. But those who have an undaunting faith in God, and unyielding hope for a better future, can easily find peace and serenity within their hearts. Actually, hard times put our faith, loyalties and sincerities to test. Those who persevere and pass this test are remembered with honour and those who fail, return to dust. Lucky we are as a nation, because in hard times, when many a men flee, a few stand fast and carry on their mission with utmost faith and hope. Such men of honour are pride of the nation and a source of gratification for those who shared their grooming as students.

Syed Mohammed Raees Zaidi is one of those students of mine, who give me a feeling of fulfillment and satisfaction for my mission as

a teacher. He is a son of this land, who decided to forsake his remarkable career and a promising future in USA for the love of his land. Mr. Zaidi is a software engineer by profession. The foundations of his character and career were made firm in St. Mary's in early 80s. After passing matric exam from St. Mary's in 1984, Mr Zaidi got his B.Sc degree from DI Khan, and then B.S Computer Information Sciences from Chicago. From 1991 to 1998, he worked with reputable IT firms in different states of USA. Each new project took him a step ahead in his career, but he never forgot to look back to his motherland. Then in 1998, he came back home with an aim to share his expertise and experience with the newly emerging IT industry in Pakistan. Over the last 10 years he headed various top notch projects. He has been an Asst. Professor at University of Engineering and Technology Peshawar and a visiting faculty member at Thames Business School. This sure looks like a career full of unparalleled achievements, but the most inspiring of his accomplishments is his zealous work in social welfare sector under the banner of Rotary International. He is the director of Rotary Club Peshawar South and he has planned and executed various projects on humanitarian basis. His club was at the front line in relief and rehabilitation activities for IDPs hailing from Swat and Buner. In his address to you, he will enlighten you on the efforts of Rotary Club in hard times for the nation.

Ladies and Gentlemen, hard times divide us into two categories: optimists and pessimists. I, along with my loyal colleagues, belong to the former school of thought, the optimists, who

try to seek for a ray of hope, no matter how murky is the darkness around us. During the last 16 years of St. Francis', we have been in an overcast situation many a times. At times matters seemed to get out of hands, but at such times, we gave the matters in the hands of Lord Almighty with firm hope and concrete faith in Him and He never let us down. Sometimes, odds are against us, but all we need to do is to have good faith, put in better efforts and hope for the best. This academic year has been tough right from the first term. We had to close early for summer vacation due to uncertain situation of law and order. Odds were against us, but we still conducted the First Test. Instead of cancelling or postponing the tests, we made you the invigilators because we had faith in your integrity, and we hoped that you will conduct the test in its true spirit. This definitely saved a lot of time of our students. Then we were forced to delay the reopening of school, but we still decided to go ahead with our prior schedule, the proof of which you can see in today's function held on schedule. We just had to run an extra mile against time.

So, dear parents, we strongly hope to carry on with our upcoming academic and co curricular activities on schedule. We are well set to complete the courses, especially for classes 9 and 10 well ahead of time, so that our students can bring about remarkable result once again. The experiment of Zero Period has proved to be successful for the whole school. The students have learnt quite a lot during this extra time provided to them. During the last academic year, the students of classes 9 and 10 benefited a lot from the visiting teachers

for all the subjects. We hope to continue with this, and we shall keep on devising ways to strengthen the academic skills of our students.

In the end, I wish to thank all of you, who took time out during fasting and managed to be with us today. I am grateful to my staff members as well as the students who worked hard to make this function possible in such a short time. Above all, I express my gratitude to Syed Mohammed Raees Zaidi who accepted our invitation to be the guest of honour today. May God Almighty shower the blessings of the holy month of Ramazan on all of you. I wish you a happy and joyful Eid.

Always remember: The pessimist sees difficulty in every opportunity; the optimist sees the opportunity in every difficulty.
