11:30	Prizes for Competitions and Distribution of Trophies.
11:45	Address of the Chief Guest.
11:55	Skits
12:15	National Anthem.

Mr. Muhammad Tariq Arbab, Addl. Commissioner, Inland Revenue and respected guests. I welcome you all to our 14<sup>th</sup> Annual Academics Day on behalf of the faculty and the students of St. Francis' High School. For many of you, it is a regular experience to cherish the achievements of your children as they get trophies for their remarkable performance in academics and co-curricular activities. Some of you will experience this pride for the first time, realizing the fact that hardwork is the only key to excellence and that there is no short cut to success. Yet there are some parents who are attending this function for the very first time, as they've brought their children to St. Francis' during this academic year. I am sure that it will be an inspiration for them to see how we celebrate and cherish the achievements of students in various domains of academics and co-curricular activities. We award positions in each subject of curriculum as well as various co-curricular activities including Qirat, Speeches, General Knowledge, Poetry, Spelling, Handwriting and Drawing. We believe that each child is gifted with some talent so we try to explore and polish these diverse talents, making sure that each child gets an opportunity to show his flair in the area of his aptitude and interest. Those who get the trophies today will always remember this time as a valuable memory. And I am sure our Chief Guest, Mr. Tariq Arbab would have also gone through such memories three decades back when he was a young student of St. Mary's High School and was a part of such functions year after year. Mr. Tariq Arbab, one of my former students in St. Mary's, is presently working as Addl. Commissioner, Inland Revenue. He is a true St. Marian in spirit and soul, as he studied there from Prep to Class 10. This spirit of seeking and imparting knowledge kept him active as a trainer and teacher in various prestigious institutions like Sustainable Policy Development Institute in Islamabad where he taught Project Management, in Frontier Education Foundation where he taught Educational Psychology and in Preston, CECOS, Qurtuba and Abasyn

Universities where he taught Economics, Marketing, Organizational Behaviour, Managerial Economics and Taxation. Furthermore, he has taught mid-career managers at the Institute of Bankers, Pakistan. He also conducts workshops in NIPA and IBP. No doubt, his success as a technocrat is highly remarkable, but what inspired me the most is his ongoing quest for seeking and imparting knowledge. More than his official stature, his academic ventures in such diverse fields of knowledge led me to invite him as the Guest of Honour in today's function. I feel proud of you and your mission, Tariq, and I pray that may God bless you in your sacred efforts. Dear Parents, such models as Mr. Tariq Arbab only evolve as a result of untiring efforts based on the firm foundations of quality education and discipline. Without an organized and disciplined course of action, talents and education are futile. The whole universe runs on a disciplined pattern. Focusing at the successful nations on the globe, we find discipline as the trait common to all of them. Zooming in further to individual level, we see that all the successful people in any field led a disciplined life.

Discipline is the key feature of every activity at St. Francis'. We do not enforce discipline in a coercive manner as it is done by the fear of the rod and rigours of drills in some institutions. Instead, we strive to infuse the true spirit of discipline in each and every student so that their whole personality turns out to be disciplined and organized. I strongly wish that all the educational institutes keep this as their foremost aim, because without discipline, an educational institute may produce only the literati, but not the productive and responsible citizens. Dear Parents, I keep reminding you of your responsibilities and contribution in wholesome development of your children. Today,

I want to take this opportunity to remind you once again of importance of your efforts in this direction. The school and the parents have to work in unison for moral and academic development of children. Many parents bring their children from other schools to St. Francis' because of our discipline, but after admitting them here, they forget their responsibility altogether. Let me remind you that you have an equally important role to play. You must ensure that your children follow a disciplined pattern of life at home, as they do in the School. This requires incessant motivation, organization and supervision. Keep telling them the importance of discipline in life. Help them make a well organized schedule of activities at home and oversee this schedule constantly. Parenting is becoming tougher day by day with changing times. Over the last two decades, an uncontrolled blast of electronic gadgets, TV channels, mobile phones and internet has made this job very demanding. So if you want your children to be successful, you have to ensure that you organize, control and monitor the use of modern techs and trends I mentioned. With a disciplined approach towards them, we can minimize the hazards of exposure to modern technology. As for us, rest assured that we are playing our part with utmost diligence and we are always ready to help and advise you in matters regarding discipline.

I hope you will enjoy the proceedings coming up next. I appreciate the efforts of the teachers and students in making this programme successful. I offer my sincere gratitude to all the guests for their presence, especially Mr. Tariq Arbab who found time out to be here with us today.

Always bear in mind: *Discipline is the bridge between goals and accomplishments.*
