15th Annual Athletics Sports Meet**The Principal's Address**

Qazi Laique Ahmad, Director General Peshawar Development Authority, respected guests & parents, members of teaching & administrative staff and dear students, I welcome you all to our 15th Annual Athletics Sports Meet. We consider this 15th Sports Meet as a milestone in the history of our School. We have been holding this annual function since 1996. Holding this grand event every year is an indication that we consider sports and athletics a vital part of personality development. It also shows the enthusiasm and interest of our students in various sports. As for me, it, gives me satisfaction at heart to look back in years and see thousands of my students learning the virtues of fair play, sportsmanship and coping with success and failure on the playground and thereafter, in life. These qualities become a part of their nature and help them to in all spheres of life.

Qazi Laique Ahmad, Director General PDA is one of my former students at St. Mary's. It has been a long time since he left St. Mary's, but he took the striving spirit,

sportsmanship and sense of fair play with him. These must have helped him a lot in achieving what he aimed to achieve in life and today we see him as a successful technocrat running a huge organization effectively. Basically he holds a masters degree in business administration, but his real proficiency lies in the experience he gained working in PDA at various key posts like director finance in PDA for many years. He has also attended courses on Micro-economy Management and Urban Water and Sanitation in China and South Africa. Since 2008, he has been serving as the Director General PDA and he has the financial and executive control of the authority. Since his appointment as the DG, he has initiated various mega projects like Gul Bahar Flyover, Mufti Mehmood Flyover, Reconstruction of Ring Road, widening of roads in Hayatabad and construction of new roundabouts. He is also handling the critical Regi Project successfully. One of the important features of Regi Lalma project is the under-construction Cricket Ground, which I believe was badly needed in Peshawar. This indicates that he understands the importance of sports for our youth. We expect that he would

also make efforts for enhancing the sports facilities in Hayatabad. On the humanitarian side he played a pivotal role in relief activities during the catastrophic floods last year. He was also the driving force behind allotment of 200 kanals of land for the Shaukat Khanum Cancer Hospital. I am proud of such professional and compassionate students of mine and they give me energy to carry on with my mission of educating and training the youth of this region.

Dear parents, the youth of this region are in dire need of sports facilities. The young boys and girls need to develop sportsmanship and the spirit of fair play. Thus there is a need to provide sports facilities right from the grass root level. This is what we have been trying here since the beginning. We attach equal importance to academics and sports and provide opportunities for all the boys and girls to compete in more than ten sports and athletic events. We still feel the need of further improvement and we desire to upgrade our present racing track of 200 metres to 300 metres. We are already in the process of acquiring extra land for this purpose. Those of you who attended the Sports Meet last year would remember

that Syed Aqil Shah, Provincial Minister of Sports promised to help us in this regard. We are grateful to him that he honoured his promise and initiated the process. Now we expect Qazi Laique to take it in his hands and play his role. I am sure he will do his best so that our students can have the upgraded track and run mini-marathons.

Towards the end, I wish to thank you all for being here with us today. It means a lot to us, and a lot more to your children who feel elated and thrilled when they win the trophies and see their parents clapping. I am especially grateful to Qazi Laique Ahmad, DG PDA, who managed to take time out and honour us with his presence. The students and teachers also deserve my gratitude as they worked hard as a team to make this event a success. I congratulate those who have won different events and set new records. Those who could not win need to know that difference between winning and losing is just the difference in how you think. Let me tell you what it is!

Loser says, "It may be possible, but it is difficult."

Winner says, "It may be difficult, but it is possible."
