

ST. FRANCIS' HIGH SCHOOL

HAYATABAD, PESHAWAR.

21st

Annual Academics Day

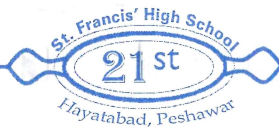

Thursday, 19th October, 2017 at 9:15 a.m.

MR. FAHD KHAN

RM Priority Clients
Standard Chartered Bank (Pakistan) Ltd.

Will Preside & Distribute the Trophies

21st ANNUAL ACADEMICS DAY, 2017

ADDRESS OF THE PRINCIPAL

Mr. Fahd Khan, RM Priority Clients, Standard Chartered Bank, respected guests, worthy members of the faculty, dear parents and my students, we are gathered here today for the 21st Annual Academics Day, to celebrate the academic and co-curricular success of our children. It is one of the much awaited days of the year, when students get trophies for their achievements, parents express jubilation to see their children on the stage, and I get an opportunity to share my thoughts and feelings with you. I always try to use this opportunity to acquaint you with the issues pertaining to the education sector and to advise you on certain areas of parenting. I do so, because I want each and every student of this school to become a successful professional in life, just like our Guest of Honour present among us today.

Mr. Fahd Khan, my former student in St. Mary's High School, is working with Standard Chartered Bank as the Relationship Manager for Priority Clients. At this young age, he has already worked as a Grade 2 officer at National Bank and Habib Bank, Corporate Client Manager at Mobilink, Programme Manager at an International NGO, and most recently as RM at Standard Chartered Bank. The reason for being a successful profession at a young age, as I see it, is that he chose to pursue the field of marketing at a very early stage in his professional studies, and then he put in his best efforts to achieve the pinnacle of success in the career he chose. I really appreciate his attitude towards his work as he says himself, and I quote, "I am very focused in my work and I find it very difficult to break-away from a given task unless and until it is finished." Let me tell you Fahd, with this mindset of yours, I can foresee that you will climb much higher on the ladder of success, and be a source of pride for your family, your school and myself.

Dear parents, such a success in a career comes only when one has an aptitude and a passion for the career one opts for. The famous Chinese philosopher Confucius said, "Choose a job you love, and you will never have to work a day in your life." This means that if you choose a career for which you have an inner passion, you will never feel the burden of work, no matter how tough it gets. Passion and aptitude are two major factors that need to be considered while choosing a career. It is very unfortunate that the thought of the parents of our times is just limited to a few run of the mill careers. Parents just want their children to be doctors, engineers, civil servants, businessmen or defence officers. They force their wishes into the minds of their children and expect them to strive for the goals, for which sometimes they are not even made for. For instance, over 33,000 students appeared for the entrance exam for the medical colleges in our province. Only a few hundred managed to get admission. Can you imagine the disappointment of a student, who studied day and night, spent thousands on coaching classes and finally did not make it to the college of his/her choice?

What happens next? Such students are forced to choose alternatives they have not even thought of before. Such disappointed students choose any career at random. Wouldn't it be great if they were guided to choose a vocation of their liking?

Dear parents, the world around us is changing every day. Each new day brings new challenges. We must prepare highly skilled professionals in diverse fields if we wish to emerge as an honourable nation in the international community. For this, the parents have to change their ideals and explore the hidden potentials of their children. They must help their children realize their abilities and aptitudes and then guide them to the field best suited for them.

We, at St. Francis', are already doing this for your children. We provide them all the possible opportunities in the form of co-curricular activities, art competitions, music, robotics classes, science and culture exhibition and multifarious events of sports and athletics. We expect you to encourage and help your children participate in the activities of their choice and let us polish their talents. Do not force them to cram the books and get good grades only; and don't even expect us to do so.

We believe in multi-dimensional development of a child and we are striving hard to do so for each and every student of St. Francis' High School. Please take time out to spend with your children, get to know them, help them explore their aptitudes and talents, so that they can choose the profession of their choice, be at the top in the job market and become a source of pride for you and us. Otherwise, in the years to come, we will have lot many more frustrated degree holders without any jobs.

Towards the end, I wish to express my heartfelt gratitude to all of you for being here with us today. I thank Mr. Fahd Khan in particular who accepted our invitation to be the Chief Guest for this event. I extend my sincere thanks to the teachers and students who worked hard for the success of this day.

Just take a thought home today: A lot many people today have M.A, M.Sc, M.B.B.S or Ph.D. Unfortunately, they don't have a J.O.B.
