Ph: 091 - 2212021

ADDRESS OF THE PRINCIPAL

Prof. Dr. Muhammad Shafi Afridi, Chairman, BISE Peshawar, distinguished guests and parents, I welcome you all on behalf of the staff and students of St. Francis' High School to our 16th Annual Athletics Sports Meet. St. Francis' High School has entered the twentieth year of its services to the province. Not only that we are making earnest efforts to keep the academic standards high, but we also aim at providing our students the opportunities to develop the noble virtues of sportsmanship, fair play, discipline and healthy competition through sports and athletics. The facilities of sports and athletics provided at St. Francis' High School are not restricted to particular gender, age group or skill level. All the students, boys and girls, are given the opportunity to participate in various individual and team sports, field & track events in athletics, gymnastics, PT display and March Past. On one hand we are making consistent efforts for training and capacity building of our teachers, who are nearing a hundred in number. On the other hand, we are endeavouring for further enhancement of sports and athletics facilities. On the last Sports Meet, I expressed my desire for acquiring extra land for upgrading our racing track. By the grace of God we got it recently and this will enable us to continue providing better facilities of athletics and sports to the increasing number of our students. This ever-increasing number, without any advertisement, is a proof that parents are in agreement with us and they want a comprehensive development of their children in academics as well as sports & athletics.

Who else can be more appreciative of a broad spectrum character building than our Chief Guest, Prof. Dr. Muhammad Shafi Afridi? As a thoroughly experienced educationist, he is well aware of the importance of sports and games. It was very encouraging for me when he appreciated our strategy and setup during his brief visit to our school earlier this year. So I requested him to be with us for a longer time today and witness the climax of our sports & athletic activities. Dr. Shafi Afridi is a son of the land of valiant Pakhtuns who has served on teaching and administrative posts in colleges at Charsadda, Jamrud and Dara Adam Khel. In 2011, he was appointed as the Chairman, BISE, Peshawar. Since then, he has taken revolutionary steps for bringing Peshawar Board at par with the needs of 21st century. An important step towards excellence and transparency in the Board is computerization of the whole system. Yet another admirable action is paying additional allowance to the staff involved in public dealing, just to ensure that they demonstrate courteous and cooperative behaviour to all. We hope Dr. Shafi continues serving in this position for a long time so that the long-awaited needs for improvement in BISE can be fully taken care of. We understand that as a mediator between the government and the private schools, he is under a lot of pressure these days. Due to some controversial policies of the government, judgments of the High Court and subsequent non-compliance from some schools, he is the buffer zone between the two quarters. I must appreciate his patient and consistent efforts in taking the private sector in confidence while implementing the policies and decisions. At the same time, I also want to draw his attention towards another burning issue regarding a controversial bill tabled in the provincial assembly. As an experienced educationist, Dr. Shafi must have a clear understanding that this bill is a step towards

nationalization of private schools- an experiment which has proved to be a failure in past. Let me make it very clear that we are not against the efforts of the government for improvement of education sector. We are ready to comply with any positive decision in this regard, but we firmly believe that academic and administrative authority of running a school should be with the principal of the school only. Politically biased decisions in this regard will result in nothing but a complete disaster for future of education in this province. Dr. Shafi Afridi, and other educationists on key administrative posts should play their role effectively at this stage when the future of education in this province is at cross roads.

Dear parents, I also invite you to rise above your personal and timely interests and analyze the issue with an open and broad mind. This is not only about the future of your own children, but also concerns the future of this province and this country.

In the end, I want to thank all of you for taking time out to be with us today. I feel jubilant to celebrate the success of my students in presence of their parents. I congratulate the winners of different events and thank the members of faculty for putting in their best efforts for this function. I also wish to express my gratitude to Prof. Dr. Muhammad Shafi Afridi for honouring us with his presence today. Sir, educationists like you are our flag carriers as we march together to be a literate, prosperous nation, with a sense of fair play and sportsmanship.

While reading the newspaper, I always turn to the sports section first. The sports section records people's achievements; the front page mostly has man's failures.
